SUMMARY

I am a highly reliable, experienced Full Stack Web Developer with almost 3 years of experience in JavaScript Web Development using popular frameworks. I have an excellent understanding of modern web technologies; this positions me as an authority who can deliver high-performance applications that may be scaled infinitely by servers worldwide. I also follow through on projects with a keen interest in detail coupled with valuable communication skills which facilitate smooth-flowing teamwork and meeting project deliverables on time. On top of that, I can create user-friendly interactive experiences that are both simple yet compelling thus covering both front and back-end aspects.
